"to protect and to serve"

WARREN G. WOODFORK, SR.
SUPERINTENDENT

TO : A T & T Contract Coordinator

FROM : Captain Anthony R. Ragusa
Asst. Night Superintendent of Police
New Orleans Police Department

Sir:

As Asst. Night Superintendent of Police for the New Orleans Police Department I am in charge of Police Operations during the evening hours. I have held this position for the past 4 years. During this time I have had occasion to observe first hand the operations of Dynamic Cable.

I have found that Dynamic Cable Construction Co. Inc. is the most efficient construction company I have dealt with in the 35 yrs I have served with the NOPD. Dynamic Cable maintains an adequate police detail to control the flow of traffic so that traffic continues uninterrupted at all times. There is a minimal problem parking when Dynamic Cable is at work.

Before beginning each sector of construction (24 hrs) the residents in the area are properly notified. I have met with residents of the French Quarter and Business District and have heard nothing but compliments concerning the quality of work of Dynamic Cable.

The finished work is such that the area they have proceeded through is restored to a better than original condition.

Respectfully Submitted

Captain Anthony Ragusa
Asst. Night Superintendent
New Orleans Police Department
