Ben Wheeler, Texas 75754-9739

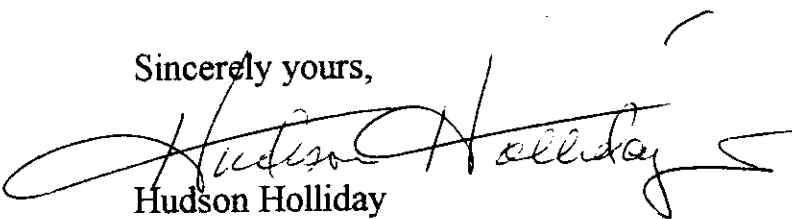

Dear Mr. Redwine,

I felt compelled to drop you a short note to compliment the job your crews have done coming through Poplarville. I own several pieces of property that your company has laid cable across and I have been very impressed with the professional manner in which they have performed their jobs.

All too often, people are long on criticism and short on compliments. I want to especially compliment the way your crews have finished the work. The holes have been filled in, smoothed over and seeded. This quality of work does not just happen, but shows the integrity of your company and the pride your employees take in their work. I would like to especially recognize John Spiers and Joe Strickland. You could not have selected any two that would have represented you better.

I have personally thanked them but felt that you should be made aware of their outstanding performance.

Sincerely yours,

Hudson Holliday
