Dear Mr. Redwine:

In regards to the work recently completed on FM 407, FM 1171, US 377 and FM 2499 , all in Denton County, the State considers the work completed per State specifications. The pre-construction meeting, cable installation and clean up of the work area went very well. Should the area of cable installation begin to sink within the next year we would expect the areas to be brought back to normal grade.

I personally appreciate the cooperation of yourself, Max Green and E.T. Crawford in resolving any problems, in a timely manner, which arose during this project. We look forward to working with your company on future projects in Denton County.

Please feel free to call me at anytime in the future, 940/387-1324, Ext. 3030.

Sincerely,

Bobby Rawlings
